

Tracer/ST **Disk Duplication System**

Simple and Powerful

- Available for 3.5" or 5.25" disk formats.
- Requires only one button to start duplication.
- No configuration is ever required.
- Tracer/STs automatically copy all standard disk formats including IBM, Apple II, Macintosh, UNIX, Amiga, NEC, and Atari.
- Designed for unattended operation. Once disks are loaded for duplication, no operator is required.

Exceptional Quality

- Missing Pulse Circuit (MPC) ensures that every bit written is readable.
- Every duplicated disk is automatically verified bit-by-bit.

Easy Maintenance

- An internal self-test, which occurs at power-on, tests the power supply voltage, motor operation, and disk path.
- Tracer/STs automatically alert the user when maintenance is required.

Upgrades Include:

- Networking capability.
- Selectable window margins.
- Hard disk support for master image storage.
- DMF format compatible

SPECIFICATION CHART

Tracer/ST Throughput	Model 203	Model 223, 323
3.5" DD (720K)	136/hr	136/hr
3.5" HD (1.44MB)	72/hr	136/hr
3.5" ED (2.88MB)	N/A	70/hr*
Throughput	Model 205	Model 225, 325
5.25" LD (360K)	225/hr	225/hr
5.25" HD (1.2MB)	85/hr	133/hr
Disk Capacity:		
Model 203, 223, 323	100 disks	
Model 205, 225, 325	150 disks	
Networking:		
Model 300	up to 15 units	
Dimensions		
	10x29x16 in (25x74x41 cm)	
Weight		
	40 lbs (18 kgs)	
Power Requirements		
	110/220, auto switching	
Warranty		
	90 days	
*Requires Tracer/ST Model 323 with Extended Density Option

Trace Customer Support

With the largest installed base of software duplication systems in the world, Trace enjoys a solid reputation for innovation, quality, and support. We are committed to your success with a highly trained staff of technical and customer support representatives to assist you. We offer full factory service, an array of maintenance and service contracts, and training programs.

Other Trace Products

- ▶ **VersaLabeler:** Automatic labeler for 3.5" and 5.25" disks with 1,800 disks per hour throughput. Adjustable in four directions for highly accurate label placement.
- ▶ **TDL 3500:** A low cost, semi-automatic labeler for 3.5" and 5.25" disks, with a throughput of up to 1,200 disks per hour.

- ▶ **PC Trace Pro with Autoloader and TIP Printer:** A versatile PC based duplication system that allows you to duplicate disks and print your labels all in one process. Excellent for producing collated sets of disks. Will easily integrate with existing applications to automate your disk production.
- ▶ **Disks:** Trace also sells high quality bulk media.
